HOW A PICKET QUAILED.

An Amening his undere on the Advan Lime Searing the Lake War.

One wid and clearly ought in the early part of the winter of 1862 Bill - was on plicked at an employ year the little "Brick though known to comrades of the Army of the Possesse as "Hartwoods." He had harked his more has the edge of a piece of woods, from which he had a view of a large open theid in his from; as his right & short the control of the co times stage flad at our pickets in the night late, known as the Oucida community. tions by unseen poreins (guerrillas) which caused our pickets to be more vigilant than in the decligit. Not more than half an hour had slapsed since the comrade whom all bound from Maine to California-this Bill tail relieved had left and returned to | was a party I saw in a Maine Central train the "course," some half-mile distant, when one morning this week. Mr. Sampson was Bill's out naught the sound of stealthy eating a doughnut, two of his children were freeding upon the dry twigs and dead eating tranges, two others had hands full mayor directly in the rear where he was of pen . a the oldest boy was inhaucting

It was a common thong in those days, in that part of the country, for boys to be seen rounding at large in and around the woods. communicative at the first sound of this usual speciacle, and when the other passen-treading line reaches his cars bill paid little gers ascertained that this long journey had howd thinking it was a hog rooting the been undertaken by Mr. and Mrs. Sampson leaves. Presently the same noise was heard. With such a brood, they were a magnet for At this second interruption his more all eyes and all hearts. There were two procked up her ears and made an ineasy little girls of 10 and 12 years, in new straw thats of her head as was her custom when pokes decorated with red ribbons, just in such duty and any strange moise reached alike. There were two more little girls of her been ear. At this uneastness of his about 8 years, twins, with blue eyes and dumis companion Bill strokes her siky neck | sweetly turned up noses and black straw in assure ner that he was on the alert. Again | hats trimined with blue, all just alike-the more had reased but Bill had made a eyes, noses, hats and ribbons. There must known have been a mark of some kind to distinthe occurred of his subfle, examined his guish those twins from each other, but I arbine our the hammer, put his hand to could not see it. Then there were two little his holster to make sure the resolver was in boys of d or ? years in pretty, new knicker a handy position, and assuring himself that | booker suits and nobby round hats about as all was right as regards fire-arms, cantionally necred into the darkness on all sides in jandrum. At one end of the line was the nopes that he might discern the intruder of strong and brown young man of 23, six feet Again was heard the mysterious treading and niother in the fight before them. At

the other end was that red bundle in Mrs. Bill present the sides of his mare Sampson's arms, the baby, in its red Mother Hubbard gown and red turban, with its with his legs, and she instantly wheeled Hulb Who cames there" Bill called red protruding cheeks, red lips—and red

aloud All was as quiet as the tomb. fire fixthing from its troubled eyes. Mr.
There sad Bill facing the woods, with a Sampson is a good-natured, hard working deadly alm of his carbine in the direction and calloused farmer from Turner. He told from which the sounds had come, feeling as me he had sold his farm for \$2,200-100 though he weighed 200 pounds (actual acres of land and a nice set of buildings for weight 135 and could blow any three "guer-that price and was on his way to Los thas out of existence. Once more he heard Angelos; he did not know what he might those steps so lightly croshing the twigs do after his arrival, but would look around and buy some land if he could; he had once visited California, and liked the cli-

Whir r-r' whir-r-r' sounded the rush of mate better than that of Maine; it would the timeen bodies. The mare raised herself cost about \$500 to get his family and house-tend at vacant space with her fore hold goods out there; five of the children went free on account of their youth. Those two little girls are twins," said Mr. Sampson, indicating them with his finger, waited the expected attack. The discharge of the carbine had aroused Cand those two little boys come so near it

the reserve, and the sound of galloping that I'm agoing to call 'em twins although horses' feet and the clanging of sabers against the riders spurs Bill distinctly heard an there, my wife, has had eleven children. as the "reserve pairof drew nearer to his One of them is dead, and we've left two left challenging the horsemen as they ap- she rather hated to leave the old place, but pronched their posts.

Presently he heard his nearest comrade bors didn't do just the right thing. They inform the sergeant that "Bill had been took on too much." Mrs. Sampson had shot or he had fired at some d-d guerr- provided about three bushels of provisions He had faced the mare once again toward in the car marveled at her fresh, young

the open field and was quietly laughing to face. She did not look more than forty, himself as he stroked the head of his faith- Lewiston (Mr.) Journal. ful companion.

Hald Who comes there? Bill was "response with 'picket patrol"" was the

Dismount sergeant Advance and give fortunate player gets up from a table and This order was obeyed and an explanation made. The patrol was notified to advance, and when Bill's comfudes came to where the segment and Bill were they tomal them enjoying a hearty laugh over the slarm caused by a flock of "quail."-

A Provided Young Man.

ironit Army Review

ting of the claracters of Washington is a young fellow who pads his clothing so as to has lost heavily and frankly states his conmake him seem to be rearly twice as large dition of temporary poverty, his case will be as he is. His clothes are always near, but promptly investigated. Should it be found as he were then he looks more like a sa narrated he will be given \$200 or \$300 to ner and not giving entire satisfaction can be take him home, or an order for two weeks' returned at our expense. staffed man than a real one. He wears a board at one of the company's first-class a pair of boots with heels fully four inches hotels. His cont siceves are so long that they over tips of his lingers, and even beyond that he has a pair of enormous cuffs. This record man is the son of wealthy parents hero of Georgia on their way home from and is generally regarded as being a trifle daft. One of his peculiarities is a love with his own right. He thinks he is the hand—beside the general happened to be vacant westers room - ive. He cents an office in an for some time, and Col. Hazzard, passing ip-lown building to which no one save may a favored few are admitted. This along the aisle, stopped and said. "General room he has arranged so that the walls and Hings are entirely covered with mirrors, Strange shiries are told of the young man's actions in this apartment. It is said be will smalls shere for bours admiring himself as coffeeted in the glass, all the while outting up the rough submordinary antics. On the shake hands, exclaimed Gen. Sherman, how do you do? Natural as life, I swear. I was with you when we split the heart of the reliellion in twain. I snew it, was all the answer he from he moves books to the right nor the eff. He never speaks to anyone unless first militarisant. Several times he has been guned by joing fellows who thought they sold have a lark at his expense. In each and every metance they have been woundly threshed for he is one of the most expert and scientific sparsers in the city. This were all with me, and they are all with me yet. By heavens, if I had ever had name or one of Washington's most notable caldilles. - Protecto phia Call.

Cork Leather

Cork leather, which is now being produced extensively in France, is said to possess. Fatal, Byronian, thirsting after beauty in some seventages over the natural skings. In all its forms, Lient was the idol of the incurreduction thin absets or pieces of cork women of every court in Europe. "I'reare proceed on both sides with an extremely member at Moscow one day," said my old thin india rubber skin with any ordinary parisian informant. List sucked an orange maille fathers ourside of all, the whole and left the empty rind on his plate, becausing thus a sort of homogeneous texcurs of cases, and although the curk sheets, is their receival state, are readily permeable at her share as if it were the sucrament. A by water, france and brittle, and possessed French Imperial princess who was present of very little strength or cohesion, having refused to participate in this rite, and Liezt only the postave qualities of lightness and non-conduction of last, yet when subjected twy music, and exhibits great strength in The new Transman-Henself of Grand misting lens to Strain.
